

The Princeton Area Chamber of Commerce Ambassadors Club appreciate your support of our annual golf outing with all fundraising efforts going to the Building Improvement Grant. Last year, our incredible community of Chamber businesses and generous golfers made our golf outing the best fundraising yet, with over \$16,000 donated to the Building Improvement Grant.

The Building Improvement Grant provides direct investment to improve buildings and encourage private investment. Through a competitive process, the Building Improvement Grant is offering matching one-to-one reimbursement grants to Princeton Area Chamber of Commerce members who are property owners and/or commercial tenants. We hope this program serves to provide additional and meaningful incentives to private investments while enhancing our historic and beautiful community.
